658

be possible to consider preferential movement without reference to the date of registration at the booking station.

(c) Further, in order to ensure that preferential treatment is accorded only to essential movements it is suggested that applications to the Railway Board for such preference should have the sanction of your appropriate authority.

3 The procedure outlined in paragraph 2 does not, however, apply to large scale Government sponsored movements in connection with which co-ordinated arrangements on the part of a number of Railways are necessary; in such cases, a reference should be made to the Railway Board.

4 In conclusion, the Railway Board would be grateful for your co-operation in enforcing the procedure outlined in the preceding paragraphs as this will help in the expeditious disposal of applications for preferential movements and avoid unnecessary correspondence.

RANJIT SINGH,
Jt. Director, Railway Board.

The firms dealing in Scientific Instruments.

Enquiry No. 10784.

Subject :—Autoclave.

Gentlemen,

No. S.P.C. 36770-85. Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the undermentioned schedule, in the form printed below.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for the supply of an Autoclave to the Central College, Bangalore," with the above enquiry number.

This enquiry will be closed on the 15th January 1952.

SCHEDULE.

		F.O.R. Bangalore	Quantity One
1.	Autoclaves, Verticle, Improved Models, Gas Heated Type. Autoclaves without Thermoregulators have extended gas inlet tubes of large bore, insuring maximum flow of gas with ample air mixture and reducing danger of fire by radiated heat or striking back of burner. The burner is fitted in a correct central position on a raised metallic support supplied as a part of the base. With gas control cock at extreme end of burner tube for convenient adjustment. The burner is fitted with removable nipple adapter for rubber tubing attachment and also threaded for permanent attachment to iron pipe gas supply. Autoclaves with thermoregulator are supplied with urn type burners, 4 inches diameter, permanently attached in base. All gas heated autoclaves are supplied with burners for use on artificial gas of approximately 600 B.T.U. As per Arthur H. Thomas specification No. 1672G.		

N.B.—1 Quotations should be with firm prices.
2 Sales-tax should be shown separately.
